

Fires caused by white goods

Reference No: 029/2017
Request Date: 29/03/2017

Request

1. How many fires have occurred in your county or equivalent operational area during the financial year 14/15, 15/16 and 16/17 which were caused/you believed to have been caused by white goods appliances e.g. washing machine, dishwasher, tumble drier etc? Can I have the figures broken down by year.
2. Please provide a breakdown stating the make and model of the white goods appliance involved in each fire and please also indicate if any loss of life occurred in relation to that fire. I do not require this year by year - just the total amounts of a) make and models and b) deaths for the three year period.
