

# Animal rescues

**Reference No:** 002/2017

**Request Date:** 24/12/2016

## Request

1. Can you please provide me with the information for the following calendar years, 2012, 2013, 2014, 2015 and 2016 to date? How many animals were your firefighters called out to rescue?

Within the cost limit, could you provide some detail of the incidents you were called out to?

For example the type of animal and location.

2. If it is possible within the cost limit, can you please provide a figure for how much these animal rescues have cost the service?

## Response

1. Please see [spread sheet](#).
2. We do not put costs to each fire call, please see [the link](#) and this will give you an idea of costs.

Local Authority	TimeOfCall	duration	NumberOfAppliances	Animal Type

**Item No.7 on Agenda  
Stoke-on-Trent and Staffordshire Fire and Rescue Authority  
15 February 2017  
Fees and Charges 2017/18  
Report of the Chief Fire Officer/Chief Executive and  
Director of Finance, Assets and Resources  
Summary**

The purpose of this report is to seek approval for the adoption of the Authority's list of fees

and charges for 2017/18

This report covers the charging proposals for the following goods and services, detailed

within **Appendix 1**:-

- a) Special services charges. This includes charges for pumping appliances, lift releases and effect entry. This is not an exhaustive list
- b) Other charges. This includes fees for fire reports and hydrant inspections
- c) Catering and conferencing facilities
- d) Training fees. This covers the provision of commercial fire safety training and driving Courses.

Increases have been based upon the Consumer Price Index (CPI) average for 2016, 0.1%. Charges for conference facilities remained unchanged.

**Recommendations**

- a) It is recommended that Members approve the list of fees and charges for 2017/18 shown in **Appendix 1**
- b) In the event of a greater than forecast increase in the base costs of providing the goods and/or services it is recommended that the relevant fees and charges be reviewed and reported back
- c) That the Chief Fire Officer/Chief Executive is authorised to use discretion to alter these charges in light of commercial and/or economic considerations

### **Financial Implications**

The revised fees and charges are all reflected in the 2017/18 budget that is being considered by the Authority as part of the agenda.

### **Legal Implications**

There are no direct implications arising from this report.

### **Equality and Diversity**

There are no specific equalities implications arising from this report.

2

### **Risk Implications**

As these fees and charges do not give rise to profit there is no risk of breaching legislation

restricting local authorities' trading activities.

Increasing the fees and charges more than that recommended may make the goods and/or services uncompetitive.

### **Protective Security Implications**

Protective security implications have been given due consideration when establishing the

revenue budget for 2017/18.

### **Procurement and Social Value impact**

The procurement and social value implications have been given due consideration when

establishing the budget for 2017/18.

### **Consultation and Engagement undertaken**

The budget proposals for 2017/18 have been compiled from a zero base following extensive consultation with budget managers, Directors and Members of the Authority.

### **Other implications**

None

### **Background**

Under the provisions of the Financial Regulations the Chief Fire Officer/Chief Executive is

required to review the fees and charges made for the provision of goods and services on

an annual basis.

The Fire and Rescue Services Act 2004 allows the Authority to charge for specific parts of

the service to specific persons. Additionally, the basis of such a charge may be made at

full cost recovery and in some cases there may be scope for charging more than total cost.

The fees and charges shown in **Appendix 1** have been calculated by one of the following

principles:

- o Increased to ensure the Authority's costs are recovered
- o Increased by the Consumer Price Index average for 2016 (January 2016 to December 2016) – 0.1%
- o Held at 2016/17 levels
- o Officially notified to the Authority
- o or are subject to prior agreement
- o Aligned with West Midlands charges – Fire Investigation

Catering events will be priced on application.

The provision of commercial fire safety training fully supports local businesses in helping

them to ensure that legal compliance is achieved and maintained. We provide a comprehensive range of courses that can be delivered in-house or at an external location

to accommodate the client.

3

In 2016/17 the estimated full year's total income received from each category, as outlined

within this report, is as follows:

- a) Special Services Charges - £18k
- b) Other Charges - £20k
- c) Catering and conferencing facilities - £6k
- d) Training fees - £80k
