FOI reference 106/17

Date Received 20 October 2017

Request:

What number fires were caused by an electrical source of ignition in the FRS area in 2014–15 and 2015–16 (the overall total over fires caused by electricity for those years)

Response:

With regards to the FOI request below the figures are as follows:

2014/15 84 fires

2015/16 72 fires

This is based on the source of ignition. This is also based on fiscal years rather than calendar years.
