

FREEDOM OF INFORMATION

FOI REFERENCE: 02/22(2)	DATE RECEIVED: 11 January 22
REQUEST	
Under the freedom of information act, please can you tell me how many incidents you attended in the calendar years 2020 and 2021 where the cause of the fire was an electronic scooter (e-scooter).	
RESPONSE	
<p>As there is no specific field to record 'electronic scooter' a search of free text fields has been carried out.</p> <p>Searches for e-scooter and electronic scooter yielded no results. Searches for electronic yielded results that were nothing to do with scooters. Searches for scooters, where the incident type was a fire, yielded results for all types of scooters and mopeds – petrol, children's, mobility etc.</p> <p>The workbooks and incident logs for all of these results have been read and as far as is possible petrol, children's and mobility scooters have been discounted, the outcome is:</p> <p>During 2020 and 2021 there may have been one incident involving an electronic scooter. It is not possible to be definitive as the scooter is not fully described. It is described as an electric scooter but is possibly a mobility scooter.</p>
