FOI REFERENCE: 072/21	DATE RECEIVED: 16 July 21
REQUEST	
Between the dates of 01/01/21 – 31/05/21 can you please tell me what was your busiest fire station and the number of call outs it had and also the least busiest station and the number of call outs it had.	
RESPONSE	
For the purposes of answering this question, appliance mobilisations have been used to represent call outs and mobilisations of all appliances at each station, where there is more than one appliance, have been aggregated to give the number of call outs at a station, to determine 'busiest' and 'least busy' stations.	
Between the dates of 01/01/21 and 31/05/21: The 'busiest' Fire Station was Longton with 819 mobilisations, which includes all appliances, the 'least busy' Fire Station was Abbots Bromley with 5 mobilisations.
